Kite Festival
Helping Families Fly!

Family Services
Protect. Heal. Care.

Saturday, August 8, 2015
9 a.m. – 12 p.m.
Martin Park & Center Pointe Marina
Sturgeon Bay

Proceeds benefit programs serving children and families in Door County.
Proceeds from our First Annual Kite Festival will help us protect, heal and care for children and families in Door County.

At Family Services, we see babies living in drug houses, parents struggling to meet their child’s most basic needs, and victims of sexual assault at their most desperate time. With your support we can protect children from harmful situations, provide care and resources to struggling families, and help those with deep emotional scars begin to heal.

Protect. Heal. Care.

Last Year we helped almost 300 children, individuals and families through a variety of programs including:

- Our Healthy Families program provided over 500 home visits to 35 high risk families, helping them care for their newborns while ensuring they had the skills and resources to meet their child’s needs.
- Our Parent Education program helped 67 families in crisis create a more stable home environment for their children while keeping their family together and helping them succeed at home and in school.
- Our Sexual Assault Center helped 51 victims, more than half of them children, overcome the effects of sexual abuse and provided prevention education to another 552 individuals.

Community support is important. Here are some examples of how your gift can change a life:

- $1,000 provides home visitation services to a high risk family for six months including developmental screenings, home safety assessments and parenting information.
- $500 will provide 6 months of counseling and support to help a child heal from the effects of sexual assault or abuse.
- $250 provides seven sexual assault prevention presentations, teaching children how to protect themselves and how to get help when it’s needed.
