“There are no other groups or programs where I have been able to deal with issues I have and feel so comfortable and safe.”

Did You Know?...
- Women become addicted more quickly than men once the progression of addiction begins.
- Addicted women are more likely than men to be diagnosed with an underlying emotional problem, which often precedes the substance abuse.
- Women who drink heavily are more prone to liver disease, heart damage, and brain damage than men who drink heavily.
- Studies of women in substance abuse treatment report that up to 80% have a history of physical and/or sexual abuse.
- Women who suffer from Post-Traumatic Stress Disorder (PTSD) due to sexual trauma frequently use alcohol and other drugs to re-establish control or to numb the painful feelings of their trauma.

What is Women’s Recovery Journey?
Women’s Recovery Journey is an Integrated Intensive Outpatient Program for women and their families. We provide services for women who are in need of treatment for AODA (Alcohol and Other Drug Abuse) and/or other mental health issues.

Our purpose is to help women recover from their addiction and become better able to care for themselves and their families. We believe that women have unique needs regarding treatment, and this program provides the necessary therapeutic, educational, and supportive services to meet those needs.

Who is Eligible?
Any woman over the age of 18 who is a Brown County resident and in need of services for alcohol and other drug abuse is eligible. Pregnant women have priority in receiving our program’s services.

What Services are Provided?
- AODA/Mental Health Assessment
- Resource Assessment
- Intensive outpatient therapy group three times each week
- Continuing therapy groups - clients transition from two weekly sessions to one on a continuum
- Family programming including therapy, educational groups, and multi-support meetings
- Care coordination services
- Child care during all programming
- Integration and cooperation with other community agencies; multi-support meetings using the wraparound philosophy and a strength-based relational model.

How is the Program Funded?
The program is funded primarily through a grant from the Wisconsin Department of Health Services, Division of Mental Health and Substance Abuse Services. Private insurance, medical assistance, and minimal self-pay fees are also accepted.

How Do I Make a Referral?
Please call our Intake Coordinator at 920-436-4360 ext. 1338 to schedule a screening.

Agency Accreditations
- State of Wisconsin AODA Outpatient and Mental Health Outpatient
- Council on Accreditation of Services for Families and Children
- State of Wisconsin Certified for Residential, Day Treatment, and Crisis Intervention

“I have learned new things about myself, and about my life, past and present.”
